JACOB FINCH

PROFESSIONAL SUMMARY

Full Stack Developer familiar with a wide range of programming utilities and languages. Knowledgeable in both backend and frontend development requirements. Excellent reputation for resolving problems and improving user satisfaction.

WORK HISTORY

Programmer 1, 03/2019 to Current
Redwood Credit Union - Santa Rosa, CA

- Full Stack Development utilizing React, NodeJs, MSSQL, and Mulesoft to create 7+ business applications.
- Worked closely with stakeholders and business analysts to establish specifications and system designs.
- Willingness to learn technologies outside the scope of my position to help the team succeed. Examples include Mulesoft, FormStack, and a CRM provider.
- Received Employee of the Month in July due to team attitude and work ethic that lead to successful project launches in Covid Response.
- Developed an internal card management system that won a VISA Innovation Award.

Account Coordinator, 04/2017 to 04/2018
Butler, Shine, Stern & Partners - Sausalito, CA

- Worked with the UI/UX team to develop four client websites with mixed functionality.
- Managed print and digital display projects through their project life cycle. Worked on over 400 creative materials.
- Coordinated with production and media trafficking teams to reach live dates and ensure each ad was properly tracked.
- Maintained extensive knowledge of competitors offerings and presence in assigned territories.
- Escalated issues to appropriate channels as necessary.
- Handled all client invoicing and estimates.
- Utilized Adobe Suite, Microsoft Office, and version control daily.

EDUCATION

Bachelor of Arts, **Advertising**, **12/2015**
CSU Fullerton - Fullerton, CA

Certificate, **Software Engineer**, **11/2018**
UC Davis - Davis, CA
